Sayre!

① ITEM 1 is model of what the Admiral will want added to the material he will take to Presidential meeting. As in agenda list, it will be provided to Presidents office (and VP + NSC) shortly before the school meeting but not so early that the NSC could be in a position to make a comment on the items.

2. "Notes for Discussion" (17821) is what Cmdr. McLELLAN prepared for the Admiral's use at this morning meeting - a one-line thing resulting from Adm. Turner's dictation during his return flight from Europe.

3. 178215. 3 + 4 are from the Admirals' briefing material you supplied and should be included in the things that go down to him on Monday morning.

4. Cmdr. McLELLAN says that

for the Presidential briefings the
night before (Friday for ~~the~~
Monday briefings, Wednesday

If Admiral Turner wants
a pre-brief, he will call
for someone to come down to
OEB. McMahon expects
that as a general rule,
if he has questions he will
rely on the secure telephone.
If the above is not clear,
call me.
